### Qualifications:

**Bachelor of Arts- Film (1<sup>st</sup>)**

**Creative Media Production (HND, PASS)**

**Photography (level 3, D D D\*)**

**Visual Arts (level 3, PASS)**

### Personal Statement:

**Creative, enthusiastic, Motivated, Great eye for detail, Multi-skilled, organized, passionate and hard working.**

I am easily adaptable and willing to help out wherever needed. I believe that any project is a team effort but I am also able to work effectively independently. I am a great problem solver and can work at a fast pace to get projects completed to a deadline. I'm friendly, easy to get a long with and good with people.

### Educational experience:

During my studies I undertook a number of roles, starting minor as 1<sup>st</sup> AD and lighting technician and worked my way up to director and cinematographer as my confidence grew. In my time at Bradford College I gained a lot of experience on a variety of projects, some of which included; going to Spain to make a film, going to India to work with the students at Whistling Woods International which was a fantastic cultural experience to see and get involved with how they make films in India. I also had the opportunity to work with Ilford on a how to use a darkroom tutorial, as part of this I worked as a main camera operator, chief editor and occasional director. I had the pleasure of working behind the scenes as a camera operator when Channel 4 came to do their Talent Day at the college and attended the Bradford Film Summit as both a audience member and as the college's production manager team for their coverage of the event. I put teams together for various other filming activities that happened alongside my studies.

### Extra Curricular:

Along side my educational projects I have taken on a lot of photography work for companies such as; Paperzoo Theatre Company, Dance United, Yorkshire Accademy of Creative Arts and Dance, actors headshots, weddings of all kinds, parties both adults and childrens, pets and fashion photography. I have also filmed for PaperZoo a number of times, worked at the Alhambra in charge of a small filming team covering the production of 'A Brave New World' and worked with the performing arts students to capture their productions. I am a volunteer at Impressions Gallery as a film and media team member for the New Focus project, as part of this we make fundraising videos to fund projects to run along side the exhibitions. Recently, I volunteered to be a people's choice judge for the Small World Film Festival held in Bradford. I am very keen on getting involved with all areas of the process and other arts.

**Skills:**

**Directing, Cinematography, Photography, Camera operating- DSLR's, Sony's, RED's, underwater. Lighting, Editing- Premiere Pro, Photoshop, After Effects. Sound- Recording, ADR, sound design.**
