**Production Mixer,
Sound Recordist
& Sound Supervisor**

I joined the Television Film Service of the BBC as a trainee assistant recordist. I subsequently became a boomswinger (1st sound assistant) and then promoted to sound recordist and worked on a broad variety of the BBC's output.

I speak fluent French.

I have also worked for the BBC Academy's Colleges Of Production and Journalism as a recordist and as a sound supervisor.

I have completed the BBC's Risk Management for Production safety course.

I have a full clean UK driving licence.

Here is a list of some of the broad range of programmes and films that I have been associated with either as a recordist or as a boom-swingers over the years.
