Mobile: (+44) 773505237
Web: www.danielangell.com

Freelance sound and boom operator working from the UK with own kit and able to travel.

Experienced also in sound design and foley work for short film and other media.

Education and Experience

University of Central Lancashire (2009-12)

Fylde Road, Preston, Lancs

PR1 2HE

(01772) 201201

Music Production Bachelors Honours degree , received an upper second class honours (2:1).

- Over the course of my study I was given the opportunity to sharpen my skills as an industry practitioner. I covered many areas of study such as;
- Industry client and colleague interactions, networking and team cooperation skills within real world contacts.
- Standard music industry practice in production areas such as recording, studio engineering, producing and treating audio and field applications and event capture.
- Advanced level usage of modern software packages and hardware within music and media.
- Deadline projects, providing end user fulfilment and working towards a pre-set goal to a brief or pitch.

Additional GCSE and A levels in music, media and music production (2006-2009)

Further information upon request.

Experience

Competent boom operator, on set alongside film crews and working freelance with own equipment.

(Boom Op) First Car, Health and safety car crash reenactment - 2015
