## Profile

Full name: Andrew Thomas Perch

Age: 21

DoB: 19/02/1994

I am a hard-working and extremely available recent graduate of a BA Honours degree in Film Production. I offer experience on film sets and 3 years of learning the real way to handle and operate film industry equipment including camera, lighting, sound and grip kit. I learned from 2, 30+ year experienced film industry practitioners as my tutors.

## Experience - Retail

### **SELLING PARTNER, JOHN LEWIS CHEADLE, PART TIME – 2012-PRESENT**

I am still currently employed by John Lewis' Cheadle branch after just short of 3 years as a shop floor assistant, selling electrical products. I have gained valuable experience in retail and customer service due to John Lewis' high expectations in those areas as well as a continued basis of re-employment meaning I have worked with over 100 different other partners which has allowed me to learn genuine and vital experience of working as an actual team and that of working with new people. The high standards of John Lewis in general have helped me make sure I am constantly working to the best of my ability.

### **SELLING ASSISTANT, WOODFORD PARK GARDEN CENTRE, PART TIME – 2011**

This job required me to replenish a unique shop floor that included that of many different types of very specific plants, pots and other such gardening equipment that varied from tiny potted plants to massive gardening tools. It was a very specific shop floor to replenish that meant I had to have very tight discipline. As well as this I managed the car park and it's extensive trolley system which had me working many physically demanding hours organising them into available areas and keeping the entire car park in check alone. This made for some difficult but enjoyable organisation skills.

## Skills & Assests

Experienced team worker through film industry, university and retail work

Very tenacious and hard working, easy tow work with

Always available

3 years of part-time film industry work & extensive university teaching of film industry equipment
