## *A little about me...*

I was recently awarded a BAFTA Cymru for makeup and hair design on 1960's period feature 'Set Fire to the Stars'

I have enjoyed 21 years in the industry, 7 years of these as a staff member for the makeup department on ITVs 'Coronation St.' during which time I have supervised and taken care of teams and dealing with a cast of over 60 artists. The rest of this I have spent challenging myself with the research and practical elements involved in a mixed bag of TV drama, film and theatre, ranging from childrens' television shows to period dramas.

Happy to travel anywhere.

Full driving license.
