

Arran T McLoughlin – Unit Manager, Yorkshire based
arran_mcloughlin@hotmail.co.uk 07411 268385

Unit Manager with over 6 years' experience on drama productions with most major UK broadcasters. I am well used to the rigors and long hours of the Location Department and experienced at being responsible for high profile locations ensuring the needs of both the Location owner and the shooting crew are met both on set and at Unit Base. I regularly manage teams of marshals/assistants, security and traffic management and effectively communicate with other departments to ensure all goes smoothly on set whilst being able to quickly adapt to changing situations in this fast-paced industry. Confident at negotiating for Unit/Tech Bases, working with business owners to come to arrangements that service the Production with minimal disruption. I come equipped with a Pickup Truck (L200) and some basic Locations kit. Part of the 2025 cohort for Screenskills Key Skills for Location Managers course.
