Personal Profile

I provide full kit and customised DIT Van which is set up to have a live feed. Along with the Edit I can initiate workflow from set to post. I have experience dealing with all major formats and workflows and have kit to deal with all including 4k and 6k and familiar with Netflix Technical Specifications. Onset I can Colour Balance and LiveGrade to suit the DOP including LUT creation, Safely QC large amounts of data, Byte for Byte verified backups, LTO Backups, Creation of synced Avid bins, Transcode for the edit saving time and money in post and provide graded synced dailies on the iPad. As well as the jobs listed above I have worked on several other Commercials, Shorts, Low budget features and Broadcasts for BBC, ITV, C4 and BSKYB. I am also part of Europe's largest DIT Agency The Digital Orchard and have trained at Reducation Europe, ICA (International Colourists Academy), Arri and AbelCine New York & LA.
