## PERSONAL PROFILE

I'm a Creative Art Graduate looking to start my career in the creative media industry. Recently returned from travelling I'm ready to get back into the working world where I can create. I continuously developing my foundational skills and strive to learn new ones. I love to tackle new challenges so I can push my creative nature and my ever increasing knowledge.

## SKILLS

- Thirst for learning and developing skills
- Customer service experience
- Hard working and flexible
- Software packages include MS office suit, Photoshop and InDesign.
- Design and create imagery using traditional mediums and increasing digital mediums.
- Cataloging events
- Administration and database
- Very computer literate and can fix/build PC's.
- Animation, stop motion and 3d (Blender and AVS)
- Photography

## EDUCATION

SHEFFIELD HALLAM UNIVERSITY: CREATIVE ARTS PRACTICE BA (Hons) 2:1

Final Degree Show (Spectrum | 2012)

- My Final project was an Animation Illustrating the eternal struggle of a little robot trying to escape its tether. Fully created in 3d software, video rendered and includes sound.

Catalogue Design Committee (Spectrum | 2012)

- I was part of the catalogue team for the Final Degree Show 'Spectrum' we designed the catalogue from Initial concept, layout, presentation, content control and developed through to print.

A Levels: Applied Art and Design, double award (2 x A Levels). As Levels: History and Math

## EMPLOYMENT

STORE ASSISTANT | ALDI | 2013 – 2015

- Working flexible shifts, covering staff holidays, sickness and overtime when needed.
- Contributing multiple roles in a strong team to meet targets.
- Strong customer service whilst keeping a busy business flowing smoothly.

DATABASE ADMINISTRATOR | D.W.P | 2013

- Working in a small team to designing and maintaining a database to be used by the staff and customers.
- Refined a user friendly system, with the use of feedback.
- Preparing information leaflets for colleagues and preparing adverts for the Sheffield Star.

## INTERESTS

- I greatly enjoy documentaries about science, history and animals.
- I love maps, diagrams, technical drawings and blueprints, fascinated to how they work both as an illustration and functional tool.
- I have a passionate interest in world cultures with a love for ancient tribal societies, observing how people live and survive.
- During travelling I documented my trip with photography and I've started to develop the imagery.
