Page 1 - Media Experience Page 2 - Transferable Skills & Employment

I am a creative individual attracted to a wide range of topics within TV and Film from Pre/Post Production as well as Projects and Development and Supporting Artiste roles.

Supporting Artiste / Extra:

Over the last few months I have started to increase my experience as a Supporting Artiste. In July 2015 I participated in the football themed **Paddy Power** commercial. Previous to that I assisted as an extra in the new **Carlsberg** advert (June 2015).

Throughout December 2014 - February 2015 I was successful in working on the new **Guitar Hero** computer game. Back in November 2014 I assisted with an advert for **Apple**.

My Personal Projects:

Music Video - Моё Сердце (My Heart) May 2014

A story of two 'Emo' spirits torn apart by Love and Tragedy

Music Video - Hold on to Me March 2014

My idea was to create a video that shows the detrimental effect of online bullying

I am always looking to further my experience with professional credits and have been lucky enough to be part of a number of projects. I am also keen on creating my own features in my free time. I have been responsible for the entire process of creating my features from developing the ideas, searching for filming locations and negotiating interviews with businesses. My duties included directing, producing, acting as well as editing the features and acquiring props.

I have worked as a supporting artiste on a number of television commercials and an interactive computer game, - Now I am looking to branch into television shows and films.

I have had a varied background within banking ranging from training and development, project integration, telephony & office administration duties.

Royal Bank of Scotland - January 2014 - Present

Lloyds Bank - December 2003 - December 2013

Training and Coaching:

My role within the team was to train, coach, develop and monitor new employees, increasing their knowledge on systems, procedures, processes and regulatory compliances. Ensuring cardholders received good customer service and agents were able to carry out their duties with confidence and professionalism. I have also carried out off site training in both Scotland and Manchester prior to the creation of new teams.

Projects & Integration:

As a Subject Matter Expert on a number of projects, my role was to provide training and support to staff leading to launch date. Creation of training material, coaching, problem solving and escalating high risk issues. Providing staff with the appropriate tools to be able to complete their daily tasks effectively and confidently with minimal impact to our customers through the transition stage.

Reconciliation:

My duties were to process high value transfers between both internal and external accounts within Service Level Agreements. I was also responsible for preparing the workload throughout the day and compiling the previous days figures.

Past roles:

Sainsburys- Replenishment assistant

Talk Nightclub - Bar support
