INTRODUCTION

As an experienced costume standby, costume maker (assistant), junior supervisor and wardrobe assistant, I have since 2003 worked on over 80 international productions, assisting world-renowned designers, stylists, costume technicians and couturiers.

My work experience includes feature films and television series with major production companies such as Warner Bros, Columbia Pictures and HBO. These productions include Game of Thrones, Eye in the Sky and Curse of Hendon. I have also worked for a extensive range of international commercial clients including Samsung, ADT, Marks and Spencer, Canon and Nestle.

I have a full UK driving license with my own vehicle. I am most happy to travel to locations and also to travel abroad if required.
