Phone: 07817921091  
Based : Manchester (UK)  
Full UK Driving Licence  
DBS Checked

## ABOUT:

I am a production assistant and filmmaker working in both narrative and commercial film. I recently completed my first short film as Producer, "Leg, Arm, Head". The film premiered at BFI Flare film festival this year. Following on from "Leg, Arm, Head" I will be producing another short film which is currently in pre-production. My previous experience as a production assistant lead to me producing both films. I wish to take on more work as a production assistant on larger scale projects, working with bigger budgets. This way I can develop my skills in production and progress further.
