Travelled through Asia & Europe for 2 years; during this time worked with animators, stills photographers, artists and film makers in the studio and on location in a variety of roles e.g. I was an art department assistant in Bollywood for 2 months, made documentaries with a Nepalese film maker, joined a musician in Tokyo making promo films and worked in Prague on student shorts.

I have also had a variety of different jobs outside of the media industry, which have given me good grounded and varied experience. Jobs included: medical secretary to a heart surgeon, cleaner, gallery assistant, bar supervisor, data inputter and ferryboat crewmember.

## **Further Assets and information**

DoB: 17<sup>th</sup> January 1980

Female, in excellent health, just finished maternity leave. (Or, as I like to call it, exploring and researching with a rather small trainee in tow)

Full clean driving licence with a good reliable, 4x4 with tow bar

Platform Access License (Cranes and Scissor Lifts)

First Aid certified - Health and Safety Trained

Approachable, logical, hard working, forward thinking and, I hope, a good sense of humour

I enjoy exploring, boating, walking, climbing, cycling, galleries, reading and most importantly an occasional bout of dancing. I collect postcards and art books and one day I would like to live in a tree house.

I currently live on a narrow boat. The boat moves to suit where I work and currently I have a permanent mooring just outside Bath, it's a great asset and much fun.
