SKILLS

With over 5 years experience working as a Freelance Makeup Artist, I am always aiming to perfect and learn new skills and techniques. I have a keen dedication to the art of makeup and am therefore committed and driven, as well as artistic and creative. I am friendly, approachable and hard working and enjoy working as part of a team. I am honest, punctual and respectful of others. I have an excellent eye for attention to detail and the ability to work well under pressure.

After gaining experience working many weddings and occasions and perfecting a flawless makeup look as well as the strategic timings of occasion work, I trained in Fashion and Photographic makeup as well as the history of makeup and began working editorial Photoshoots and Fashion shows. Here I gained experience in working quickly and calmly in a highly pressured environment. I gained knowledge and respect for multi-departments such as wardrobe and photographers and enjoyed working as part of a team with creative and technical people. I have always had an interest in film and TV and gained experience on set whilst working on a music video. This experience cemented my goal of working in Film and TV which lead me complete the 'Get Set ready' training at The Makeup Dept in Belfast with Makeup Designer, Pam Smyth.
