

Steven Day – Data Wrangler/Data Manager/Digital Imaging Technician

Based in Sheffield | Tel: 0774 5913 414 | Email: stevenday.dit@gmail.com

Experienced Data Wrangler on TV productions, short films, corporate and corporate shoots. In my time working in this role I have become a firm believer that every production should not overlook the importance of keeping rushes safe and secure. I have been further advancing my skills in Data and Colour management with the intention of becoming an expert Digital Imaging Technician and Colourist in HETV and feature films. I work well as part of a team, have good communication skills and an excellent punctuality record. Being **Autistic** has given me an advantage of being highly organised in handling large quantities of data.

- Data Management with **Silverstack, Shot Put Pro, Nexto, Parashoot,**
- Data QC and look processing with **DaVinci Resolve, Arri Reference Tool** and **Catalyst Browse**
- Handling various card media: **Arri Codex, SXS, XQD, CF express Types A & B, CFast 2.0, SSD, Compact Flash, SD**
- Full kit with card readers included. (details available on request)
- Knowledge of numerous types of storage drives and formats.
- Efficiency of **Mac** and **Windows** systems
- Basic Skills in **Microsoft Word** and creating interactive rushes logs in **Excel & Google Sheets**
- Full driving licence held and DBS checked
