

Lewis Michael Wooller

Runner

Based in London, Dorset and Essex
UK Driving License Holder

07947 534274
Lewis.wooller123@gmail.com

A driven individual with a passion for producing top quality content. Skilled and experienced in script development, on-set organisational duties and running, I have applied my development and production skills in various projects, such as a nation-wide BBC Radio 1 competition winning comedy sketch as well as writing, directing and producing multiple short films.

Experience

June 2017 **Runner Intern at Company Pictures**

- Conducted concise reports on various scripts, treatments and IP.
- Compiled and managed relevant data.

April-May 2017 **Runner at Gobstopper TV**

- Handled talent and contributors on-set of 'Just Tattoo of Us: The Aftermath'.
- Took on different running responsibilities in order to ensure the smooth operating of busy shooting schedules.
- Involved in the casting process of 'Just Tattoo of Us', making first contact and nurturing relationships with potential contributors.

December 2016 **Runner Intern at Lambent Productions**

- Conducted street casting for contributors to 'Science of the Brain'.
- In charge of capturing publicity stills throughout filming.
- Ensured happiness of talent and crew throughout long and cold location shoots.

Education

September 2015 - present **Bournemouth University Scriptwriting for Television and Film**

Developed skills include:

- Acute knowledge of developing a bare concept into a visualised production.
- Understanding of the various roles needed to nurture a script throughout development and production of a film or television show.

Additional Skills

Script Reading and Editing Conducts confident reports with coherent notes on scripts of various genres.

Communication and Networking Maintains and nurtures relationships with fellow professionals across all sectors.

Creative Desire Determined to produce innovative content through different mediums.
