- Highly skilled within post-production paperwork. Software such as Silvermouse, Diamond, Viacom CBS, PMI, eCat. Fast clearing archive footage and music clearance for worldwide clearance through soundmouse/ Q.
- A wide understanding of broadcast regulations, from child contributors, licensing, managing and maintaining call sheets for shoots, hiring new freelancers and kit, arranging locations etc and the setup of shoots.

I am a PC based in the North of England. I have years of experience as a Production Coordinator within the TV industry. I have worked across many BBC programmes, both in house and at indies. I have a diverse understanding of the industry from pre-production through to post production. I am wanting to expand my knowledge as much as possible and work towards a new genre of HETV. ***I am available from end of Early May 2023***

Most Recent Credits

NatGeo - Destination Wild

January 2023 - Present (PC)

A largely archive based programme with some international shooting set up and a studio shoot based in the UK.

Love Nature - Jaguar Journals

January 2023 - Present (PC)
