

HENNA HANIF, Assistant Editor

hennahanif92@gmail.com, 07474 331 713

I'm an enthusiastic, hard-working individual who would like to continue to grow in my post production career by taking on challenging opportunities to enhance my skills and be supportive to any team.

Skills- Avid Media Composer, ingesting, syncing rushes, and exporting QuickTime playouts for review. Project organisation. Updating continuity paperwork, keeping track of the VFX list, temp VFX, creating scene cards, sourcing music and SFX, uploading to platforms such as PIX, Media Silo and Frame io. Experience in providing multiple turnovers from VFX, sound, and picture. Laying in submissions from VFX vendors into the edit for review. Editing recaps and promos. Running spotting sessions. I'm also keen to get into VFX assisting and editing.
