

AXEL JUSSERAND | VIDEO EDITOR

axel.jusserand@icloud.com | +447535 954603 | axeljusserand.com

I am an active and dedicated person with more than 5 years of experience in film editing. I recently moved to the UK after working in Dubai for a commercial post-production company. I aspire to continue my work and to grow my perfection and experience by working on high-quality productions. I understand the importance of communication and always involve the rest of the team to establish a workflow corresponding to the specifications of each project.
