"Tom is a superstar! We worked together on the Feature Film 'Let Me Go' during January and February in freezing Hampshire and London. Tom works right in the heart of a team, never complains and keeps everyone's spirits up when the going gets tough. He was always first to arrive and last to leave - his attention to detail is excellent and his people skills second to none. I would highly recommend Tom and truly hope we will work together again. I would be very happy to be contacted by anyone for further information."
