## ABOUT ME

Having studied Fine Art at University (MFA & BA honours) and worked as a freelance portrait photographer and more recently book cover photographer, I have an eye for a striking image that tells a story. Since 2014 I have worked as a full time photographer on various projects including short films; book covers for historical fiction, romance and crime thrillers; editorial commissions; commercial projects and national campaigns for brands. I'm based in Sheffield, South Yorkshire but happy to travel around the UK, especially the north, for projects.
