Personal Statement

I am a committed and flexible individual whom has completed a BA Hons in Film & TV Production at Teesside University as well as recently completing a Masters Degree in Digital Art & Design within the last year. I am looking for opportunities where I can utilise my skills, experience and strong working knowledge of the media industry and build upon these now I have completed my MA degree. Professional communication and customer service skills have been proven whilst working within the retail industry for the last four years which demonstrates my loyalty and commitment to both my studies and employment. Through the completion of a final year external project which involved communication with local businesses within the Tees Valley to promote the Digital City to engage more women within this sector; I was responsible for the camera work, sound recording and editing of the final project which resulted in the airing of my video with Digital City for multiple businesses within the Tees Valley.
