Volunteer Work

Leeds Film Festival 2016 & 2017

My duties included showing attendees where facilities were, also showing where each film screening was. I memorized the films being shown as well as the screen. I also ran leaflets from different locations.

Futureworks University Open day 2015, 2016

I volunteered at the university that I attended for two of the open days, while there I escorted some of the attendees to where they needed to be, as well as answering any questions they had about the university.
