

Joseph Mcdonald Camera Trainee

BIO

I have been working as a lighting/camera op in the corporate and commercial world for 5 years now and I am ready for a change. I have shot several short films and operated on TV shows and commercials, however drama is what has always stood out as a passion. I believe in the drama hierarchy and I am very happy to start as a camera trainee and work my way up as an assistant. Having experience in shooting, I believe I will make a great assistant as I know what it takes to be a good one and I am very familiar with most camera systems. That said I am also likely a little older than most trainees and I believe this maturity will help me to bring value to the crew whilst learning plenty as I go.

EDUCATION

UCLAN, PRESTON – FILM PRODUCTION, 2011-2014

SKILLS

I have operated many different camera systems and feel comfortable picking up a new system very quickly. I also feel comfortable shooting a variety of different styles from high key commercials to documentary style run and gun pieces.

Camera systems worked with include: Canon C100, C300, Arri Alexa Mini, Amira, Sony FS7, PMW350 etc. I own and operate a Black Magic URSA MINI PRO.
