I am an experienced and successful Costume Designer and Creative Stylist, specializing in designing for HETV and film production. With a diverse portfolio spanning feature films, children's television, drama, commercials, theatre, music, and live productions, I bring a wealth of knowledge and expertise to every project.

As a motivated and passionate team player, I have held senior leadership roles as Head of Department. Throughout my career, I have demonstrated exceptional skills in all aspects of costume design, including concept design, illustration, pattern cutting, garment construction, fitting, purchasing, crewing. I thrive under pressure and consistently deliver groundbreaking vision and versatility.

In addition to my work in the industry, I have a strong commitment to education. Since 2017, I have been delivering outstanding content and training remotely and/or in the classroom. As a Lecturer at Salford University, teaching BA Costume Design, I have had the privilege of sharing my industry knowledge and expertise with aspiring creatives. I have also cultivated a strong network of connections within the media and industry. I am dedicated to creating exceptional designs and inspiring the next generation of talent.
