INTRODUCTION

I am a multi-disciplinary artist / designer who is a recent graduate studying Design for Performance at Birmingham City University with a BA (hons). My ambition to pursue a career with the arts and production industry is continuously growing. I am looking to gain as much experience as I can. I have a passion for creativity and bringing ideas to life and love experimenting with different formats to find new approaches and innovative concepts. I am independent and responsible; I work hard at everything I do, making sure to put in my all.

EDUCATION

GCSE'S

5 A*-C INCLUDING MATHS AND ENGLISH

A-LEVELS

DOUBLE AWARD ART AND DESIGN & BUSINESS

BA (HONS) DESIGN FOR PERFORMANCE

UPPER SECOND CLASS HONOURS

CHESLYN HAY HIGH SCHOOL

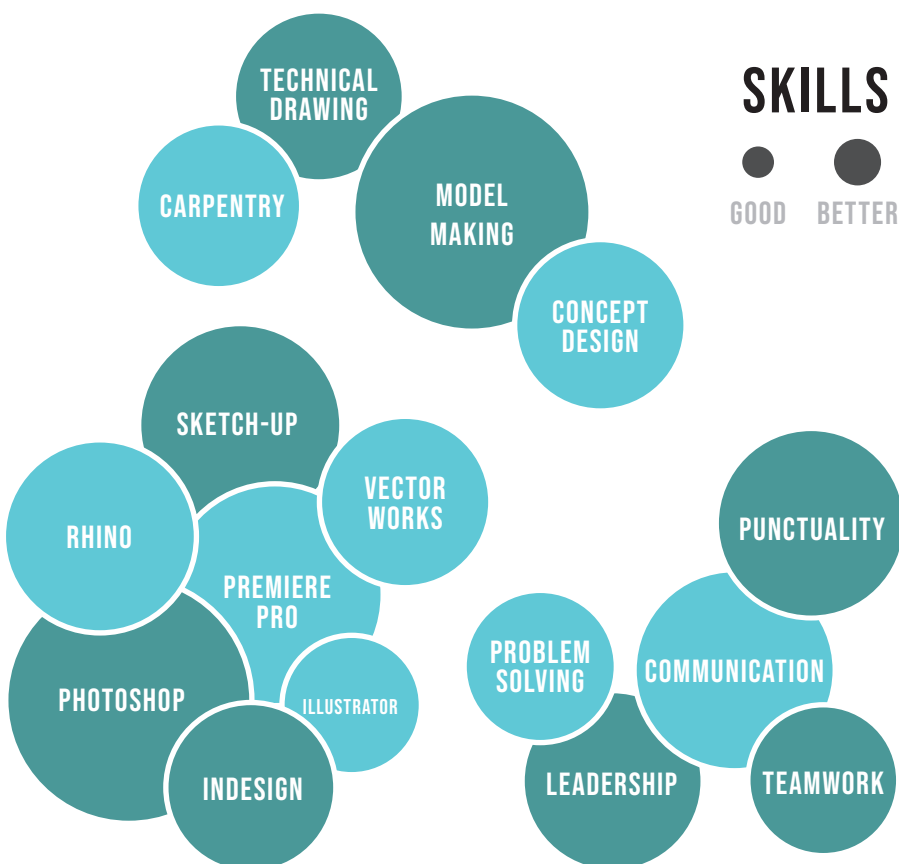

2014

CHESLYN HAY HIGH SCHOOL

2016

BIRMINGHAM CITY UNIVERSITY

2020

EXPERIENCE

BIRMINGHAM CITY UNIVERSITY

STUDENT | MODULES STARTING 2017

My time at university has taught me so much about the creative industry. In my three years studying I worked on projects ranging from short films, exhibitions, installations, puppets and many more.

PRAGUE QUADRENNIAL

STUDENT EXHIBIT - DESIGNER AND EXHIBITOR | SUMMER 2019

Working alongside the Society of British Theatre Designers, myself and eight other students designed and created an exhibition which represented the future of performance design students.

2000 TREES FESTIVAL

ART DEPARTMENT ASSISTANT | SUMMER 2018 AND SUMMER 2019

Working at the festival my roles were to build new sculptures and experiences for around the site as well as refurbishing older items. In my second year at the festival I had the responsibility of leading other volunteers.

EMPLOYMENT

SCRUFFY DOG CREATIVE GROUP

OCTOBER 2020 - PRESENT

I have gained a lot of practical experience from working at Scruffy dogs and have had a hands-on experience with working in the industry. I have greatly improved my skills due to having to work closely as a team.

LABOURING FOR A BRICK LAYER

SUMMERS OF 2014-2019

Skills I gained were communication, teamwork and organisation. Using a variety of power tools including drills, impact drivers, jigsaw, circular saw, angle grinder, and rotary hammer drills.
