Freelance

Jan 2002 - Present

Graduating Ravensbourne 2005, having already worked behind camera on a selection of high end dramas. Onto shooting for television across a huge variety of genres. Working up the ranks filming in all kinds of environments through 50+ countries.

I've learnt skills over the years that have taken me from shoot edit to Director of Photography. Running camera departments for television, commercials, short films and my first feature. Selected for the BSC/ACO mentoring programme and BAFTA connect.
