

JOSHUA REEVES

WRITER / DIRECTOR

BIO

I am a highly motivated Manchester-born and based writer and director. I have directed content for SONY, BBC AND ITV.

My debut film, MARCUS, is available on Amazon Prime and my follow-up, OXTAIL, was made with the support of Sony and Eleven and has featured at several film festivals around the globe. My latest film, LONG WALK HOME was also backed by Sony and Eleven and premiered at the British Urban Film Festival.

I've shadowed several high-end drama and continuous drama directors and participated in the Momentum Mentor initiative organised by We Are Parable / Channel 4 and also the BIFA mentoring scheme.

I will be directing Emmerdale later this year, and my next film 'SOFTIE' will be shot in 2024.
