About me

With five years' experience in the creative industry, working both in the UK and wider Europe, I have developed an impressive professional proficiency that I am excited to bring to new opportunities. Coming from a background in e-learning, I have an enthusiastic, can-do attitude and have proven that I am flexible, efficient and dependable to a high professional standard. I have worked with camera crews in corporate and journalistic production settings, developed a hands-on understanding of the processes, personnel, jargon and equipment relevant to video production, travelled internationally as well as worked unsociable hours on projects where necessary. I also have an impressive and well-rounded understanding of mixed media digital content, including video post-production, graphic design, social media and motion graphics.

Key skills I can offer

- Full, clean driving license and access to a personal vehicle
 - Flexible availability
 - Producing video projects around the world including Berlin, Amsterdam, Rotterdam and London
 - Experience on set, familiar with production roles and responsibilities
 - Hands-on understanding of video production, accomplished experience of camera, lighting and sound equipment
 - Confident communication working with the general public & clients/contributors
 - Research and project strategy
 - Working with, interviewing and accommodating renowned guest expert speakers
 - Project management & coordination/storyboarding/scriptwriting
 - Robust multimedia skills, video post-production/colour correction/motion graphics/photo editing
 - Footage archiving/transport/organisation
 - Experienced in logistical management and coordination.
 - Event photography (including the Chelsea Flower Show)
-

Education

In 2015 I completed a Creative Media Production Extended BTEC qualification at Cirencester college for which I earned D*D*D (A*A*A), coming top of my class of 18. I am proud to say that I fully committed myself to the course and received a certificate from the institution's media department for consistent high grades and enthusiasm.

I have aimed to keep up to date on industry health and safety standards throughout the Covid-19 pandemic and have recently completed an online Coronavirus basic awareness on production training course to make myself a more versatile candidate for positions in 2021.
