I'm interested in film and directing. I believe a suitable candidate because I have had many experiences in working in theatrical style environments. My Drama A level studies has piqued my interest in this career path even more especially since I had the opportunity to direct and act plays.

EXPERIENCE

JUN 2022- JULY

ASSISTANT DIRECTING THE YOUNGER STUDENT'S ROMEO AND JULIETE PLAY, WREN ACADEMY

I was able to take control of a large group of people and organise the roles each person had whilst directing the play and engaging with the students.

APRIL 2022

DIRECTING SESSION, THE OLD VIC THEATRE

I collaborated with people of a range of different ages from different backgrounds. The session was very useful as the director explained the process of directing actors. I learnt about what a white model set is which is a replica of the actual stage in a smaller version to help with the directing process.

JAN 2022- MAR 2022

TAKE THE LEAD WORKSHOP, THE OLD VIC THEATRE

I had to work in a group to improvise a play plot based on a picture and assign roles to each team member. This opportunity helped me strengthen my teamworking skills and listening skills as we had to consider everyone's opinion. It was a great learning curve for me to receive critic feedback and listen to the advice to improve the play.

ACTIVITIES

Tutorial representative at Wren Academy:

- Every week I lead a morning tutorial for different student groups throughout the year.
- I enjoyed working with students younger than me and engaging with them in conversations about topics like self-confidence and helping others.

Poetry, "Truth or Dare games" by Young Writers:

- I wrote a poem which got published in the book called the "Truth or Dare games" by Young Writers.
- I still enjoy writing poetry, which is why I participated in the Wren Poet Laureate, where I got to present my poem to a professional poet.

Graffiti workshop at the National Theatre:

- I placed myself outside my comfort zone to explore different mediums of art.
- I really enjoyed the experience and the new skills I learnt from the workshop.

Participating in the production of the "Little Shop of Horrors" in Wren Academy

- As I went to an all-girls school it was more challenging for me to work with people of different genders.
- This experience really helped me grow my confidence and communication skills as I was able to work with a group of people backstage to make the production run smoothly.
- I was able to suggest ideas to the acting director about staging which she took on board. I enjoyed seeing my suggestions come to life.

Editor in Aziz Art Magazine:

- I enjoyed learning more about art through a professional artist who did the research for the magazine, and I had the opportunity of editing the information.

In my free time, I am trying to learn Korean, Japanese and Chinese
