

## MARTIN EDWARDS CV: SOUND RECORDIST

Tel: +(44)07932 002312  
Email: martindavidedwards@gmail.com  
Mobility: Car owner / UK / worldwide  
Skills: Location sound recording, sound recordist, boom pole operator, DIT

### SUMMARY

Martin provides Netflix-compliant sound recording for small and mid-sized productions, whether on location or studio-based. He can deliver a production-ready sound mix directly for editing or to air, complete with advanced noise reduction and equalisation to streamer and broadcast standards. Martin also captures Foley and ADR tracks on set for use in post production.

As a value-added service, Martin also provides a complete digital workflow solution for small and mid-sized productions. This reduces the time and complexity of streaming and post production activities. He provides timecode for all production assets, including an industry unique digital clapper board, and manages on-set backups, synchronisation, grading, rendering and dailies production.

Martin holds an OFCOM licence for wireless mic usage, essential for the legal use of UHF bands in the UK, and carries full equipment and Public Liability insurance.
