## PROFILE

Hello! My name is Gomolemo (or Goms for short). I'm an editor & colourist from South Africa based in West Yorkshire and I'm constantly one 'beach ball wheel of death' away from building PC. I have a well rounded and proficient experience in various styles of post from; Drama scripted, to documentary work. From comedy TV to food commercial work. Outside of my work I love writing, games nights, and attempting to DIY my way through a home renovation.
