

USA & Irish/EU Passport Holder (Right to work in the UK)

PROFILE

I recently completed a degree in Film Production, with a specialisation in screenwriting, for which I've written a number of short scripts ranging in genre from slice of life comedy, dramas, and surreal horror. I have excellent communication skills which I have gained from living and working in cities such as New York, Edinburgh, and Brighton as well as a documentary project in Moscow and Petrozavodsk, Russia.

I love anything in the sci-fi/ fantasy and supernatural genres, one of my all time favorite tv shows being Buffy the Vampire Slayer and more recently Yellowjackets. I'm currently looking for Office/ Production Assistant roles to gain experience and eventually progress to a Writer's Assistant or Script Editor.
