PROFILE

As a hardworking, determined student keen to learn about the film industry, I am willing to clean the toilets and make teas to get my foot in the door. I have always been an avid learner with a vast, creative imagination eager to get involved. I am confident and outspoken, nevertheless an exceptional listener with a great sense of humour.

EXPERIENCE

VIDEOGRAPHER, VISION 2025; NEWBURY SHOW-GROUND, BERKSHIRE - 2023

Recently, I was invited to the Showman's Show 2023 for a paid role to film and produce advertisement material as well as a summary of the event. This went excellently and I was able to get all the footage I needed for a great final project.

EXTRACT COFFEE ROASTERS - SPECULATIVE ADVERT - 2022

I had the joy of working with Extract Coffee Roasters to film a speculative advert for their company. They sent a variety of their products for me to work with and allowed me full creative freedom. I produced all pre-production paperwork and was able to film and edit the final result which was received delightedly.

TOUR OF OUTLAWS SET IN BOTTLE YARD STUDIOS

While studying at BoomSatsuma, I have had a few opportunities to explore sets and to deepen my knowledge about the industry. I have had the honour of talking to a few people within the industry, including: Gavin Thurston, Rob Pilley and Summer Halkyard. I learnt a lot from them and hope to continue expanding my knowledge.

STUDENT, BOOMSATSUMA; BRISTOL - 2022 - 2024

Currently, I am a college student at BoomSatsuma, getting distinctions in all my work. So far with BoomSatsuma, I have filmed and edited multiple coffee adverts, a swede, documentary, short horror film (and created posters for said film) and am currently producing a short natural history factual film all about a praying mantis. My future projects include music videos, animation and live broadcasting.

RETAIL WORKER, GEORGE AT ASDA; WESTON-SUPER-MARE, SOMERSET - 2022 - CURRENT

In order to fund my travel from home to college and save for my future, I work at a retail store. Along with being a team player, I have proven myself as a hard-worker who will get a job done efficiently and thoroughly while still looking out for customers and my fellow colleagues. I work with people much older than me, so have learnt how to talk to adults and be in a professional environment.

EDUCATION

BoomSatsuma College, Bristol – Level 3 Diploma, Year 13

While attending Hans Price Academy in Weston-Super-Mare, I was awarded deputy head student and achieved A s and A* s in my English literature and language, maths, combined science, Spanish and geography GCSEs as well as a L2D* and L2D in music and health and social care.

SKILLS

- **I am first aid trained and have done my St John Ambulance Youth First Aid course.**
- I attend army cadets, where I achieved the rank of Cadet Serjeant and have now become a probationary instructor. I have learnt team work, how to take and give orders, confidence, map skills, discipline, patience, courage, leadership, trust and communication within the cadets. I'm also in The Silver Bugles Marching band where I teach and play the bugle.
- My passions include music, travel and writing. I have experimented with guitars, ukuleles, recorders and the bugle. However, my instrument is the piano. I've been playing (and performed a few times for crowds) for 7 years. I love to write. Poems. Stories. Novellas. I do this in my spare time and have found a desire to write and get my ideas heard. I have recently found an eagerness to explore and get inspiration from the different cultures and environments around the world.
- In 2023, I completed NCS and was able easily form new friendships and learn new skills while helping the environment.

AWARDS

I have received both my Bronze and Silver Duke of Edinburgh Awards and am currently in the process of completing my Gold. I enjoy writing and was published into the book: Mission Chaos, for a creative writing competition in 2018.
