## Personal Summary

Passionate and dedicated film graduate with a First in Film Studies. Proficient in both theoretical and practical aspects of filmmaking, demonstrated through academic excellence and hands-on experience creating short films. I have written a feature film script to further hone my artistic style and understanding of the filmmaking process. Eager to contribute skills and knowledge to collaborate on compelling cinematic projects.

## Key Skills and Achievements

- Excellent writing ability.
- Very creative, with a clear artistic voice.
- Detail oriented, organised, and punctual.
