Full, Clean Driving License & CBT

I would like to branch out into a new avenue and film has always been something that has been on my mind. To get on set and be surrounded by people who inspire me, helping them to achieve their dreams is all I want. I like to express myself artistically. I am reliable, efficient, flexible, and willing to learn and soak in as much as I can. I am new to the industry, but my enthusiasm knows no bounds. I am engaged and motivated. I am used to using my hands and I've volunteered for various organisations including in Nicaragua for 3 months with Raleigh International and as an administrator for a retreat health centre in Byron Bay, Australia. My curiosity has meant I've spread myself across 20 countries and even bought a motorbike in Vietnam to go from the South to the North in a month. I am independent and can use my initiative to complete tasks.
