

# SOPHIE LITTLE

## ART DEPARTMENT ASSISTANT

With a robust background in corporate hospitality and a BA Honors Degree in Fine Art, I am now actively pursuing a career within the Art Department for HETV and film, with a particular interest in becoming a Standby Art Director.

Having recently completed my Art Department Traineeship on Alan Carr's wonderful biopic 'Changing Ends', I've further developed skills in graphics, standby, prop hire, and archiving. Additionally, I've gained a greater understanding of dressing for period genres and the intricate details necessary for an 8-week screen production.

Fuelled with an innate sense of humour, an open calendar and a full drivers license, I am ready for all working opportunities across Greater Manchester (and beyond!)
