PERSONAL STATEMENT

Dextrous, resilient and social costume trainee with a talent for problem-solving and a good eye for detail. At home in fast-paced environments and flexible with independent and team-based work. While I'm adept in the technical aspects, I love storytelling, particularly how the former complements the latter. In costume, I have the opportunity to tell stories without a single word.

TECHNICAL SKILLS

- Sewing by hand and sewing machine.
- Embroidery by machine and hand.
- Pressing clothes with domestic and industrial irons.
- Costume breakdown techniques, such as ageing, blood, mud, sweat and sick.
- Drafting script breakdowns and cross plots.
- Sourcing costume & prop hire for pick-up and return.
