Professional Summary

With experience of working on various individual projects and hands-on work with professional equipment, being a runner on various student short film projects, I'm now looking to expand my current technical and production skills, and make my first move into the industry of Television/Film Production. I have a clean UK driving licence.

Skills and Specialties

- Experienced knowledge of Adobe Suite Products- Premiere Pro, After Effects, Photoshop, Lightroom
- Experience with industry camera equipment (Panasonic AU-EVA1E setups, Canon 700D cameras, various lenses)
- Social skills- pitching television shows to panels of executives as part of online events

Film and Photography Experience

- **Short Film Juice: Part 1** (2021) created, directed and edited by myself, Juice follows a troubled young woman as she's manipulated by a murderous sentient tomato. Black Comedy
- **Short Film Organ Failure** (2020) created, directed and edited by myself, in Organ Failure sees two old friends reminisce about the old times together as they realise they've grown apart. Surreal Drama.
- **Short Film Monopoly** (2019) created, directed and edited by myself, set in a dystopian future a girl called Eva plays games of Monopoly to escape a nightmarish and endless system. Sci- Fi Drama.
- **Portrait Photography** Using a Canon 700D I have years of experience with portrait photography, working with models and using a variety of photography styles.

Customer Service Experience

Bar Staff

The Eagle, Gay Village- Manchester

April 2021- July 2021

Working at the prestigious Eagle Bar in Manchester was a role that required me to be constantly at 100% for long hours, on my feet making a massive variety of alcoholic drinks, remembering orders and serving customers. Thrown into the deep end, I quickly found my footing in this busy bar.

Sales Assistant

Superdry, Trafford Centre

November 2019- January 2020

This Intense christmas-period role required me to be at various areas of the store, on my feet and assisting customers, helping style them and providing them with exceptional brand experience through my detailed knowledge of the store's products. In my time here I earned a small customer service award bestowed to me by my assistant manager.

Customer Assistant

Morrisons, Littlehampton

June 2017- August 2019

Serving customers behind the till, helping them with any enquiries that they had, general shop-floor organization, as well as warehouse work such as unloading delivery lorries and organising waste to be thrown away at the end of the day.

Education

Creative Media Level 3 Diploma (Distinction Grade)
Chichester College, Chichester

September 2017- June 2019

Obtaining this diploma required a vast knowledge of various forms of media, and creating my own work to match them. I learnt a number of transferable skills throughout my time studying there, including how to work as a group (for tasks such as creating a television advert), to working efficiently on my own (when creating a short film for my final major project), as well as how to consistently meet deadlines and stay punctual.

Film Production (BA)

University of Salford, Manchester

September 2019- June 2021

University has given me a chance to work with industry-standard equipment whilst offering me challenges to further my own personal development. I've had some great opportunities to work alongside others on several short films and projects, ranging from a black comedy about a talking, murderous tomato, and developing and pitching a television show mockumentary about people with awful super-powers. University has overall given me the chance to get creative with my work and has kept me inspired to go on and continue creating in my free time.

I consent to you keeping my details on file and distributing for employment services.
