Profile

Motivated, driven and a highly creative photographer with 5 years experience. Experienced with Studio work, Event, Commercial, Fashion and Product Photography. BA honors in Photography at University of West England, Bristol. I work well to a brief and can adapt quickly and with a creative view to projects, I have an eye for detail and can communicate well withing a team as well as having individual strength. I enjoy learning new things that can help me aid and master my craft.

About Me

While studying for my degree I have managed to obtain a wide range of knowledge for my field and I have learnt how to adapt well in stressful situations. I have been given a great opportunity to increase my skills with different equipment and to be able to use spaces such as studios in a knowledgeable way. I enjoy a challenge and i like to constantly refine mine skills as i think that the best way of improving is by practicing, along side this in my free time i like to watch creative videos such as tutorials, short films and YouTube videos about my chosen subject.
