
HOPE TAMU DUDLEY

PROFILE

I am a young individual with aspirations of becoming an actor and filmmaker. I have recently graduated from MetFilm School Where I received a BA hons in screen acting & filmmaking. Prior to this, I had the privilege of interning with EcoTraining in South Africa, specifically in the Greater Kruger National Park. During my time there, I assisted in teaching and guiding clients and students through the wonders of nature. I am a diligent and committed worker, always eager to learn and grow. Collaborating with diverse and intriguing individuals is something I thoroughly enjoy. Any opportunity to gain valuable experience and knowledge in the film industry would be greatly cherished and embraced. Flexible and happy to work irregular hours to support productions.
