

Chloe Mullen

I am a passionate communicator looking to build on my experience alongside industry professionals. I thrive under pressure and obtain an array of transferable skills that have benefited me in previous leadership roles. I have excellent collaborative experience, and am always looking to go that one step further to be a part of the TV and Film industry.

Burnley College & Sixth Form, Burnley — A Levels

2014 - 2016

Media Studies (A), Film Studies (B), English Language (C).

ABOUT ME

From a young age I've had a keen interest in both the creative and logistical sides of filmmaking. During my time in education, I ran the Film Club for 2 years and took part in several events, which enabled me to develop a keen eye for detail, excellent time management and effective communication.

I am an avid collector and player of board games, an interest that I believe exhibits my abilities to quickly acclimatise to and operate within new sets of rules, as well as adapt to new situations. I keep my creative side stimulated by watching a lot of Youtube videos, such as gaming and frequently broadening my knowledge on computer mechanics or editing programs. In a more practical sense, I have also done promotional photography and videography for the restaurant I manage.

My time working with other like-minded people has helped me to overcome issues with self-confidence, becoming bolder and more outgoing to the point where I am always ready to seize an opportunity.

GDPR STATEMENT

This CV may be kept on file and distributed for employment purposes.
