I am an organised and proactive problem-solver with experience on **set**, out on **location**, on **base** & in the **studio**. After pausing filmmaking to run a humanitarian aid organisation in Ukraine, I am driven to excel again within the Film & TV industry and be the backbone of your production's team. I am confident on productions of all budgets - from **unscripted** to **commercials** to **band 4 dramas**. I'm passionate about supporting new starters and am eager to prove myself within roles of increased responsibility as an Assistant Director; to deliver consistency and quality, on time and within budget.
