## About Me

I have recently graduated from the University of York with a degree in Film and TV production, and I am looking for a job to help me launch my career! I enjoy working in fast paced environments and am reliable when it comes to meeting deadlines, this is aided by my ability to listen to those around me and take on necessary criticism to improve for future projects. I like learning new skills and improve old ones, I am willing to give everything a go. I am familiar with using Adobe software and have experience editing with Pro Tools. I love to read and have a passion for motorsports. I believe I would be an asset to any team in any work environment.

## Creative Experience

### Girls Club

Sound recordist, designer, editor and mixer.

Short film created as part of my degree. Involved with all stages of production, recorded on location using 633 mixer. Used Pro Tools in post prod for editing and mixing, to create stereo and 5.1 versions of the film.

### Roses live 2023

Camera Operator

Camera Operator for YSTV's coverage of the Roses sport competition between University of York and Lancaster, covering sports such as volley ball and basket ball.

### 'A Women's Race': documentary proposal.

For my final year research project I created a documentary portfolio exploring the history of women in motorsport, what they endured and what is changing now to make the sport more accessible, something I feel very passionately about.

**That's what I want** 1st AD, Student short film.

**How to be happy** Sound recordist, Student short film.

### Nearly, sort of, almost, not quite dead.

Assistant producer, assistant sound and boom operator.

Short film created as part of a 48 hour film challenge, assisted the producer in scheduling and organising locations. Helped record all on location sound and assisted editor during post.

### Game night: Christmas Special.

Sound operator.

Sound operator for a studio show created during second year, I created/sourced all sound elements including stings and mini game beds. Worked quickly during rehearsal and recording to ensure all sounds timed correctly.

### Jeans
