INDUSTRY EXPERIENCE

May 2016 - Present: **Founder and Self-Shooter at CARBONX Productions**

- I work with a variety of clients under this business, including the likes of the **NHS, Sail Training International, Coastguard Agency, Croft Circuit** and many more (carbonxpro.co.uk).
- In all projects completed I have acted as a self-shooter, completing pre-production, production and post-production work to current, high and rigorous standards.

Responsibilities:

- Working closely, with effective and concise communication, with the client to create a comprehensive plan for the production,
- Visualising and prepping shots before hand, ensuring the main production stage will run as smoothly as possible,
- Filming and producing all content across filming days, thinking of the final product throughout and making changes as required,
- Ensuring all legal and production documentation is completed and filed correctly,
- Editing and finalising content, liaising with the client to ensure they are 100% satisfied with it, then delivering it along with handoff documents.
