## EDUCATION

BA Hons Film, TV and Digital production at Bath Spa Uni 2020-2023

-My Degree involved many different modules which covered different aspects of the film industry. During my first year I mostly completed written modules as the pandemic prevented practical learning. However in my second and third year and I was able to take on a more practical role and have taken my first steps into learning the craft of producing. Working as an effective leader and member of a production team across multiple short film projects.
