

Skills

- Familiar with Sony and Canon menus; learning ARRI menus.
- Learning how to drive.
- Able to carry heavier equipment like lighting, sandbags, tripods, etc.
- Can use Microsoft Office suite and Google equivalent proficiently.
- Have a good understanding of what is expected of a Camera Trainee. (Assisting 2nd AC, getting coffees, filling water bottles, handling lenses, changing and charging batteries, etc).
- Teamwork.
- Punctual.

Personal Statement

A mechanical engineering graduate who has always had a passion for TV and film and is a part of the second cohort of the Workforce Development Programme (WDP) run by The Bottle Yard Studios. I acquired valuable knowledge about the industry through the WDP, working on a student project and two weeks of work experience on LARKIN in the camera department. Although I am new to the industry, with a background in customer service & hospitality and some work experience in the camera department of a HETV show, I believe I have the skills to be an effective Camera Trainee.
