PROFILE

Emmy-nominated Camera and Drone Operator with experience across factual, heritage, and natural history filmmaking. Skilled in capturing broadcast-quality footage in remote and high-pressure environments using drones, rope access, and specialist camera systems. Ready to take on ambitious new visual projects.

EXPERIENCE

Attenborough and the Giant Sea Monster | Camera and Drone Operator

Emmy award nominated

Captured broadcast-quality footage via rope access and drones in perilous, remote, and high-stress environments, supporting the wider production through organisation and research.

Pliosaurus - The Discovery of a Monster | Filmmaker

Award nominated

Short film created to engage audiences with the discovery of Attenborough's Giant Sea Monster, delivered end-to-end across pre-production, production, and post-production. Combining archive, interviews, and location footage.

Current - *Freelance*

TYME Agency | Social Media Camera Operator
Essence in Motion | Camera and Drone Operator
Playmotion Visuals | Camera and Drone Operator
Five Automotive | Camera and FPV Drone Operator

Past - *Freelance*
