## ABOUT ME

I am a hard working and enthusiastic Modelmaker with an enquiring mind and a positive attitude. As a versatile generalist, I take pleasure in design, problem-solving, and collaborative work. My competencies include prop building, foam sculpting, pattern making, sewing, soft and hard-edge fabrication, display design and setup, set construction and dressing and package design. Throughout my previous occupations, I have gained many transferrable skills including strong communication, attention to detail, patience, resilience and a robust work ethic.
