CV

ROGER ELLIOTT is the most experienced Location Manager in the South West having set up and run numerous commercials, stills shoots and pop promos, several feature films for both Europe and the UK, and more than 200 hours of hi-end television filmed drama - all shot in the South West.

With that experience - and with thousands of locations on file - I can save you days (and therefore quite a lot of money) as a Location Consultant, advising on general areas or individual properties throughout the West Country but specialising in Cornwall and Devon.

For all services I offer and rates please look at
www.westcountrylocations.co.uk
