Research analysis

COURTENAY FLORENCE

PHOTOGRAPHER / EDITOR

EDUCATION

Falmouth University | BA (HONS) Press & Editorial Photography
2018 – 2021 **2:2**

Photojournalism taught me analytical research techniques and how to market as a freelance photographer, including advancing into photographic genres and video editing.

Abingdon & Witney College | UAL BA Art & Design. Film Studies. Photography

2015 – 2018 **Pass, Merit, Distinction.**

I developed in film and editing software by using Premiere Pro, Audition and Photoshop. I explored a variety of genres and understood a larger concept of photography, including complex digital and film equipment.

WORK EXPERIENCE

Breathe News | Photography Correspondent

2021-

I report potential new stories to editors and photographers, for future publications. I research and fact check before I pitch stories and manage those articles as they progress.

Bloom in Doom | Content Editor & Researcher

2019 - 2020

I appointed assignments, reviewed, and edited articles for the category 'environment'. I fact checked other written articles and edited them through WordPress. I regularly communicated with the assigned photographers and journalists to create content.

The Falmouth Packet | Community Photojournalist Assistant

2019–2020

I photographed community events for daily articles, photographs ordered and designed for the newspaper. I wrote about community affairs and edited other journalist's articles, for future publications.

Fern Sessions | Interviewer & Researcher

2018–2020

I researched into the history of musicians and bands. I organised and interviewed musicians for the online publication.
